LOCATION OF INTERVIEW:

SUMMARY:

I met with (b)(7)(c), (b)(6) Rio Grande Classic. I asked if David Misner from California bought or sold horses through their auction. She stated that he did buy and sell horses through the auction. I asked her for copies of any sales that David Misner may have had there for the past four months. She looked through the files and gave me copies of the sales sheets for David Misner from February, March, April, and May. I also asked for contact information for the buyer of these horses. She wrote a list of names and address for me.

(b)(6), (b)(7)(c) states that Rio Grande Classic holds horse sales once a month but does not have a specific sale for slaughter horses or have a specific area of the sale for slaughter horse sales.

(b)(7)(c), (b)(6) states that three buyers regularly attend the sales there that ship horses to slaughter in Mexico. The names she gave were (b)(6), (b)(7)(c). She states that there is no one directly buying horses there at Rio Grande Classic from the slaughter facilities in Mexico and Canada.
